5.	PLANNING APPLICATIONS Lower Waverley Barn - conversion to dwelling - No objections to current application Report from Cllr Hirst, received today provides an update on progress of traffic calming measures put forward by GCC Highways in relation to the planning consent recently given to expansion of Jolly Nice Farm Shop and Café Main points of Cllr Hirst's report: <ul style="list-style-type: none">• Withdrawal of the planning application regarding 4 dwellings, has meant that traffic calming works linked to the development will not now go ahead.• The White Horse Inn is now for sale and Cllr Hirst could not ascertain what effect this would have on any proposed development• Cllr Hirst and Richard Gray previously agreed a safety improvement scheme for the junction of the A419 with Rodmarton Lane (Long Lane), Frampton Mansell Road and the Downs which included new signing and lining which in their view would both decrease vehicle speeds and achieve better separation of traffic wishing to leave or join the A419. Cllr Hirst is now requesting this simpler scheme be pursued to improve road safety at this crossroads PC resolved to respond to this report as there is no mention of the white 'Gateway' option discussed at the December meeting and there is some confusion about which planning application has been withdrawn. As far as the PC is aware, the planning application for 4 dwellings was refused. More recent amendments to previous planning approvals refer to

	changes to 2 dwellings to be constructed behind the White Horse Inn in what was the carpark. Councillors agreed to research these planning applications again to clarify. PC resolved to reiterate their previous opinion that ‘signage and lining’ is an inadequate response to longstanding issues with this junction, and request that more comprehensive measures be pursued including the white Gateway option for the A419 through FM.
